iCode Tech Club

Tech Club is a bespoke one or two hour per week program held either at an iCode location or a local school. Students will gain hands-on insight into iCode's STEM curriculum learning foundational concepts in computer skills, programming, game development, and robotics with extra exposure to patterns, sequencing, and logical thinking that results in an improved ability to solve problems.

Students will learn transferable skills that will help them in areas such as school studies, team related activities, self-confidence and much more

- Instructors: iCode Counselors Contact: Gary Vickers
- Open to 1st-6th grade students
- 3:45-4:45PM Wednesdays (1 HR/week)
- 3:30-5:30PM Wednesdays (2 HR/week)
- \$89 monthly for 1 hour class
- \$160 monthly for 2 hour class
- Register [here](#)

Heart of Texas Children's Theatre

Devising Theatre Class

In this class, the students will learn the fundamentals of theatre by creating their own original pieces throughout the semester. Younger artists will be working on their own reimaginings of classic, well known stories while focusing on the effective use of voice and movement onstage and garnering confidence through collaborative play. Our older artists will dive into the full creative process with a program designed to have them investigate and engage in thoughtful decision making, and make connections between their own lives and the world around them. Exploring all aspects of the creative process, students will have the chance to explore multiple perspectives and ideas using storytelling, improvisation, movement, sound, & text.

- Open to PK-6th graders - cap of 24 total students with a cap of 8 PK/K students
- 3:30 - 5:00PM Thursdays
- \$250 per semester with a \$20 supply fee
- 10% discount for additional siblings registered for the same class
- Registration link: <https://www.heartoftexaschildrenstheatre.org/classes>
- Instructors: Judson Williams, Petra Williams, Bradyn Braziel
- Class begins Tuesday, September 6th
- Student Showcase at the conclusion of each semester

Heart of Texas Children's Theatre

Musical Theatre Class

In this class, students will learn the art of Musical Theatre while focusing on the fundamentals of voice, movement, and the confidence of performance. Our younger/beginner artists will have the opportunity to begin an exploration of the basics of musical theatre while harnessing and focusing their vocal skills. While our older and advanced artists will be able to further develop and enhance their knowledge in the world of musical theatre performance. No matter the age, all instruction will target the 5 components of healthy singing - relaxation, breathing, phonation, articulation, and resonance.

- Open to PK-6th graders - cap of 32 total students with a cap of 8 PK/K students
- 3:30-5:00PM Fridays
- \$250 per semester with a \$20 supply fee
- 10% discount for additional siblings registered for the same class
- Registration link: <https://www.heartoftexaschildrenstheatre.org/classes>
- Instructor: Lexie Rains, Petra Williams, Judson Williams
- Class begins Tuesday, September 6th
- Student Showcase at the conclusion of each semester
