The search committee has been conducting interviews on Zoom with all our semi-finalist candidates, and we are more hopeful than ever about our next Head of School and the future we will work toward together! Finalists will be named soon, please be on the lookout for that communication to follow in the next week or two. Finalist candidates will be brought to campus before the winter holiday break to meet our many constituent groups, learn more about our campus and community, and spend time enjoying Waco and all our wonderful city has to offer. Those of you who have volunteered to join early on, we will reach out with a schedule. If you are interested in joining a panel group, please fill out this [form](#). For now, we hope you'll mark your calendars for the weeks between Thanksgiving and Winter Break in anticipation of those visits, and please continue to pray for our next Head of School and for the search committee as we continue this work.
